

Summer salad with SalaCrisp and nectarine

Ingredients for 1 people

For the salad:

1 SalaCrisp salad
1 nectarine
½ avocado
75 g feta

For the dressing:

¼ red onion
4 mint leaves
2 tbs olive oil
2 tbs white balsamic vinegar
1 tbs honey
Salt and pepper

First cut off the stem of the SalaCrisp, wash the leaves and cut into strips. Wash the nectarines, remove the stones and slice. Slice the avocado as well.

To make the dressing, finely dice the red onion. Wash the mint, shake dry and chop finely. Mix both with the other ingredients and season with salt and pepper.

Now arrange the SalaCrisp with the nectarine and avocado on a plate and crumble the feta cheese on top. Finally, pour the dressing over the top.

Bon appétit!
